The city of El Paso has recently issued bonds aggregating \$45,000 to be used for city hall and sewerage purposes.

A great many of the townspeople are making preparations to spend next Sunday and Monday in the mountains.

The step-father of Mrs. Dr. Hernandez recently died in Madrid. The family here have but just received the information.

The Hifield wool storage house is being rapidly pushed to completion. The roof is being put on the east half of the building.

Gov. M. A. Otero arrived on the early morning train from the capital, accompanied by Captain D. D. Mitchell of the United States army.

There have not been as many checks given today as has usually been the case on the first. The reason is that little stamp, which must be put on all checks, beginning this morning.

There is no stamp to be put on cash, when a bill is paid. Hence, cash has generally gone today. In a few days, however, this reluctance to use the stranger will have passed away.

## PERSONAL.

Henry Essinger is in the city.

Cruz Gonzales left for Liberty.

Harry W. Kelly left for Glorieta.

J. E. Elder left in return for Albuquerque.

## BLANTON &amp; SON

Having opened a General Merchandise Store at Ft. Sumner, request a share of the public patronage.

Our stock is new and first-class, having just been purchased by our Mr. Blanton in the east.

Fort Sumner, - - New Mexico

THE St. Louis Globe-Democrat says that the predictions about a horseless age have been called in. The armies of the world alone absorb an immense number. The price of cavalry and artillery horses in this country has doubled within a few months. Horses in the northwestern States are no longer quoted at \$2. Cavalry horses in New York have risen from \$80 to \$120, and the standard has been slightly lowered as to height and age. The Government, by the way, never buys a horse whose tail is docked or otherwise changed from its natural shape.

THE Supreme Court of Ohio compelled the Standard Oil Trust, the other day, to give a list of the stockholders and the number of shares held by each. John D. Rockefeller has 9,214 shares, out of a total of 17,795. The next largest stockholder is C. W. Harkness, with 2,076 shares, and after him, in order, the estate of C. Pratt, 1,799 shares; H. M. Flagler, 1,007; O. H. Payne, 719; H. H. Rogers, 677, and William Rockefeller, 467. The stock or certificates received dividends of 33 percent last year.

OLD Granny Miles has been excusing his incompetency by laying the fault of delay on the fact that he had volunteers to "lick into shape." Yet, the volunteers, in the battle of La Quasina, had the worst place and did better and more courageous work than the regulars. Read the report, which says: Volunteers, force, 500; killed, 8, wounded, 44. Regulars, 464; killed, 8, wounded, 18. Let Granny Miles get out of the way, and some competent man take command.

THE exports of corn from this country to Europe, last year attained the respectable total of 177,000,000 bushels. As a wholesome article of diet, we can recommend the cereal as a good thing for Europe, as well as for ourselves, and one worthy of pushing along.
